Summary

I am Ankit Agrawal, a data analyst with a strong academic background in computer applications. I have completed my Bachelor's degree and am currently pursuing my Master's. I possess foundational skills in Python, SQL, and machine learning, enabling me to clearly and concisely interpret and present data findings, thereby supporting more informed analysis and decision-making. I look forward to contributing to meaningful projects while continuously improving my technical skills in a collaborative and growth-oriented environment.

Education

MCA

GALGOTIAS UNIVERSITY • Greater Noida

BCA

GD GOENKA UNIVERSITY
11/2024

INTERMEDIATE

NEW HORIZON SCHOOL • BHAGALPUR,BIHAR
07/2020

Matriculation

Sr.Secondary Delhi Public school • Saharsa,Bihar
06/2018

Skills

C PROGRAMMING, Python, Machine Learning, Power BI, SQL, Web Development, EXECL, Java

Experience

Python Developer

Oasis Infobyte
03/2024 - 04/2024

Machine learning

Bharat Intern
02/2024 - 03/2024

Certificates

DATA SCIENCE AND ARTIFICIAL INTELLIGENCE- FROM BIA, TCS ION CARRER EDGE- YOUNG PROFESSIONAL, AI For India 2.0 - Guvi through Skill India Digital, Advance Excel - GD GOENKA UNIVERSITY, full stack development - Great Learning

PROJECTS

SMART DIGITAL ATM Using C and Python

HAND-WRITTEN DIGIT RECOGNITION using ML and Python

Employee Retention Prediction Using ML and Python

Multi-Chat-Server-Thread Using C and Python

IRIS CLASSIFICATION USING ML and Python

House Price Prediction Using ML and Python

Deep Learning - Classification - Classes

Spam Detection Using NLP and Python

CREDIT CARD FRAUD DETECTION

Awards

ACADEMIC ACHIVEMENT- (BCA) Gopi Ram Goenka Award Gold Medal
